

Jillian FitzMaurice

Extensive experience in UI/UX, product testing, and front-end development gained from working at a small startup. Dedicated to leveraging conceptual and creative thinking to elevate user experiences beyond the ordinary. A firm believer in communication, open-mindedness, and integrity and good design flows like a story.

EXPERIENCE

Legacy Architects, Denver, CO — UI Designer and React Dev

March 2024 - Current (part-time contract)

- ❖ Created and collaborated on new feature designs in Figma.
- ❖ Developed and updated components in React.js.

Software Built by Design, Remote — Front-end Dev and Designer

March 2022 - May 2024

- ❖ Orchestrated close collaborations with clients from inception to a final product, translating visions into market-ready products.
- ❖ Created full front-end builds in a low-code software.
- ❖ Integrated Chat GPT to create an AI tutoring software.
- ❖ Promoted after 1 year to lead designer and front-end dev on a major internal project.

The Woods Fine Jewelry, Denver, CO — Product Designer

Feb 2015 - January 2021

- ❖ Created new designs while maintaining brand identity while monitored stock and sales of assets to ensure greatest profit returns.
